Objective

To secure a challenging web developer position in a dynamic and innovative organization where I can apply my technical skills, creativity, and passion for coding to build engaging and functional web applications while continuously learning and growing as a developer.

Experience

Stockeds Software Solutions | Frontend Developer Intern   **2025 - Present**

- Developed and maintained responsive web components using **Next.js**, improving user experience and performance.
- Contributed to building and refining the company website, collaborating with the design team to ensure **UI consistency and functionality**.
- Implemented **SEO best practices** in Next.js, enhancing website visibility, search engine rankings and faster load times.

Camerinfolks Pvt. Ltd. | Web Developer Intern   **2024 - 2025**

- Designed and developed an intuitive e-commerce web application, enabling seamless navigation and enhancing the user shopping experience.
- Implemented secure payment gateway integration to facilitate transactions and ensure customer data protection. Build dynamic product catalog with search and filter functionality

Projects

ArcticGlow – E-commerce Web App   **2024**

React | Node.js | Express | MongoDB | Tailwind CSS
- Developed a full-stack e-commerce platform for Christmas-themed products with a clean, responsive UI.
- Implemented product listings, cart functionality, and order processing with backend APIs.
- Utilized MongoDB for storing product and order data, ensuring efficient data retrieval and scalability.

Nexus – Real-time Chat Application   **2025**

NextJs | Tailwind CSS | JWT Authentication
- Developed a chat app with secure login using JWT and real-time messaging
- Implemented message threading to improve conversation structure and user clarity.
- Used Tailwind CSS for a sleek, responsive UI with optimal performance.

Education

Bachelor of Science, Information Technology (IT)   **2021**

Siena College of Professional Studies, Edakochi
